SOLIDWORKS xDesign Request Form

(To be filled ONLY by Fab Lab Manager of a Lab listed at fablabs.io)

This duly filled form is required to be sent to abi9@3ds.com by the Fab Lab Manager ONLY. This will enable SOLIDWORKS team to invite the Fab Lab Manager and his recommended fabbers (up to 10 per lab) to get Free Access to SolidWorks xDesign. Please recommend only those fabbers that you are confident will hugely benefit from the flexibility this cloud-based tool offers and ones you know will be associated with your labs for a longer period of time. We have limited number of licenses for Lighthouse Version and want to give them out to deserving candidates across the globe.
